GROUP

IMPACT 360

Pine Mountain, GA

Several thousand square feet of stamped decorative concrete were installed within the project. Several hundred lineal feet of cast-in-place stairs help to connect walkways around the campus. An exterior fireplace with adjacent grill stations will be installed for student and faculty use. Surfaces Group will also assist in the turnkey installation of a water feature with a granite water wall and river within the center courtyard.

Client:

Choate Construction

Size:

23 Acres

Location:

Pine Mountain, GA

Period:

Project Completion in Summer of 2017

Unique Features:

Decorative stamped concrete, concrete pavers, and center courtyard water feature.
